## SB, 235 R, 240 R, 245 R, 250 R, Support cup, 2002-09

Support cup 503 90 18-01 has been replaced by 503 90 18-02.

Version -01 is intended for support flanges with a 20-mm centre guide, and fits the above models. On version -02, which is intended for support flanges with a 1" centre guide, we no longer use the centre guide to locate the support cup, but use the outer diameter of the support flange instead. The outer diameter of the support flange is unchanged, regardless of whether it is intended for a 20-mm or 1" centre hole. Support cup 503 90 18-02 can therefore be used on machines with either a 20-mm or 1" support flange.
