DRIVE GEAR – RIM TYPE

In our production we are gradually introducing a new type of radially ported rims on chainsaw-models equipped with 7 tooth drive gears of rim type.

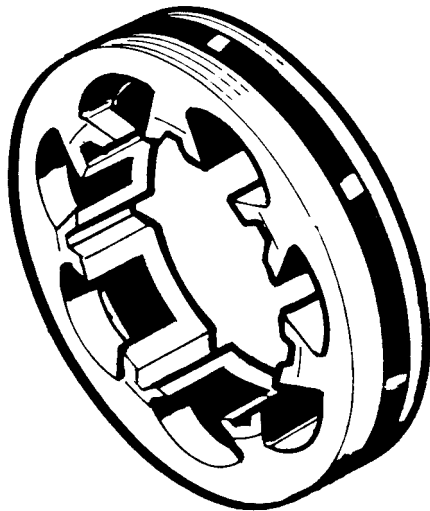

- 0.325" x 7 small 501 45 74-01 is replaced by 501 45 74-02
- 3/8" x 7 std 501 59 80-01 is replaced by 501 59 80-02
- 0.404" x 7 std 501 59 79-01 is replaced by 501 59 79-02

PIGNON BAGUE

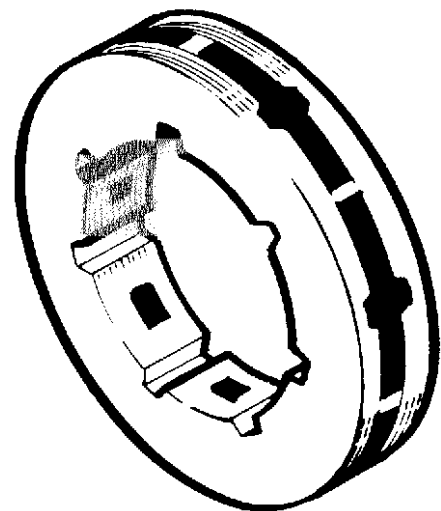

Dans notre production nous introduirons progressivement un nouveau pignonbague à sortie de sciure radiale.

Cela concerne les modèles munis d'un pignonbague à 7 dents.

- 0,325" x 7 5014574-01 sera remplacé par 5014574-02
- 3/8" x 7 5015980-01 sera remplacé par 5015980-02
- 0,404" x 7 5015979-01 sera remplacé par 5015979-02
