NEW CARBURETTOR

We have introduced a new carburettor with a larger venturi in order to increase the power. This involves a new intermediate piece and a new gasket between the carburettor and the intermediate piece.

New parts

501 77 79-01	HS 224	Carburettor compl.
501 51 18-03		Intermediate piece
501 29 64-01		Gasket
501 69 11-01		Throttle flap
501 81 44-01		Throttle shaft
501 82 18-01		Locking washer
501 82 17-01		Washer

Excluded parts

501 52 77-01	HS 163
501 51 18-02	
501 25 09-01	
501 22 32-01	
501 82 26-02	Throttle shaft, compl.

The new parts are not exchangeable with the old ones, as this will affect the function of the carburettor.

The old parts remain as spare parts.

The change was introduced from engine number

266 SE	5311370
266 SG	5160935
