

MODEL 1 5 4

CYLINDER – PISTON

We have introduced another cylinder version in our production.

IDENTIFICATION

<u>Cylinder</u>	<u>501 87 75-02</u>	Dark grey colour and a piston with 1.5 mm cast iron ring.
<u>Cylinder compl.</u>	<u>503 44 13-01</u>	New Light grey colour and a piston with 1.0 mm piston ring.

PRODUCTION

On the model 154 SE, only the cylinder 501 87 75-02 is mounted.

On the model 154 SG, only the cylinder 503 44 13-01 is mounted.

NOTE! Piston 501 87 82-03 (with 1.5 mm piston ring) must not be mounted in the cylinder 503 44 13-01.

Piston 503 08 78-03 (with 1.0 mm piston ring) can be used in both types of cylinders.

SPARE PARTS

Cylinder compl.

Only one type is available, No. 503 44 13-01 (with 1.0 mm piston ring).
503 44 13-01 Cylinder compl. replaces 501 87 75-02.

Piston compl.

Only one type is available, No. 503 08 78-03 (with 1.0 mm piston ring).
503 08 78-03 Piston compl. replaces 501 87 82-03.

Piston ring

Both versions available.

501 86 71-01	Piston ring 1.5 mm
503 17 12-01	Piston ring 1.0 mm (new)

The change was introduced from serial number 154 SG 6081196.
