MODEL 61

NEW CYLINDER AND PISTON

In order to improve the durability, a new cylinder and piston are introduced. At the same time, the "three class system" is excluded on the spare part piston compl. and changed to "one class".

There is full interchangeability between an old and a new piston.

<u>New Ref. No.</u>	<u>Description</u>	<u>Excluded Ref. No.</u>	<u>Remark</u>
503 53 20-71	Cylinder compl.	501 53 35-71	
503 53 22-02 (AB)	{ piston compl. A Piston compl. B Piston compl. C	501 51 09-02	} Remain as spare parts during a transition period.
		501 51 09-03	
		501 51 09-04	

The change is introduced from serial number 7350750.
