MODEL 262

CYLINDER BASE GASKET

We have in our production introduced a thicker cylinder base gasket. The thickness is increased from 0.7 mm (.028") to 1.0 mm (.039").

The thicker gasket gives an improved combustion and a more stable idling.

| New Ref No | Description | Excluded Ref No |
|--------------|----------------------|-----------------|
| 501 86 19-03 | Cylinder base gasket | 501 86 19-02 |

Introduced in production from serial no 262 XP -1410514
 262 XPG -1410677
