## MODEL 36/41

### CARBURETTOR ASSEMBLY

We have introduced a new carburettor attachment. The new attachment has a cast-in metal thread in the insulating wall where you fasten the carburettor support and the carburettor with bolts. Then the air filter holder is attached with nuts in the extension of the bolt.

The change means simpler and safer assembling when servicing.  
 Introduced from serial number 1383006.

New Ref. No.	Description	Excluded Ref. No.	Remark
530 03 65-81	Carburettor insulating wall	530 02 98-29	1
530 03 65-82	Air filter holder	530 02 98-12	
530 01 59-68	Bolt	503 21 32-45	2
530 01 59-69	Nut		

Remark: 1 = When exchanging Ref. No. 530 02 98-29 all the new parts have to be exchanged.  
 2 = Screw Ref. No. 503 21 32-45 remains as a spare part.
