

RIDER 850/970

GOOD YEAR TYRES

The Rider 850/970 is manufactured with tyres made by Trelleborg. During a period some years ago, some Riders 850/970 were manufactured with Good Year tyres. As the tracks and design of the Good Year differs considerably from the Trelleborg tyres, we have decided to put the Good Year tyres under a special Ref. number. This is also valid for front- and rear wheels compl. The Ref. numbers for tyres and wheels compl. in the spare parts list is only valid for tyres made by Trelleborg. For Good Year tyres the following new Ref. numbers are available:

Description	Ref. no.
Tyre	506 80 27-01
Rear wheel compl.	506 80 28-01
Front wheel compl.	506 80 29-01
