

## Model            235R

### Crankcase ref. no. 502 21 10-01

We regret that the crankcase for the model 235 R 1992 year model no longer is available as a spare part.

The crankcase for 1993 can be used if the clutch cover also is changed to the model 1993. The connection diameter is somewhat larger for the clutch cover of the 1993 year model.

This is therefore valid for all the 235 R with a serial number starting with the digit "2".
