

Model 394

Crankshaft

To reduce vibration in the crankcase, carburettor and stop switch the circumference of the crank's counterbalance weights has been increased by 1 mm.

New Ref. No.	Description	Excl. Ref. No.	Remark
501 81 49-02	Crankshaft compl.	501 81 49-01	R

R = Remains as a spare part for 281/288.
