

## SB, 261, Muffler, 1998-06

A modified muffler has been introduced for this model since spare parts list 106 25 01-61 was printed. The muffler has a dual outlets and is unique to model 261.

The following part numbers apply:

Muffler assy.	503 97 25-02	
Bolt	724 12 87-55	
Spark arrestor mesh	503 66 91-01	side
Spark arrestor mesh	537 01 08-01	front
Muffler support	503 50 86-03	

**Note!** This muffler has a dual exhaust outlet and has therefore also two screens.

**CAUTION!** The screens must be replaced, if damaged. The saw will be overheated, if the screens are clogged. This results in damage on the cylinder and the piston. Never use a saw with a clogged or defective muffler.
