

# Service Advisory

**Date:** July 22, 2002

**Product Line:** ATV

**Advisory No:** SAA301

**Subject:** Master Cylinder Rebuild Kits

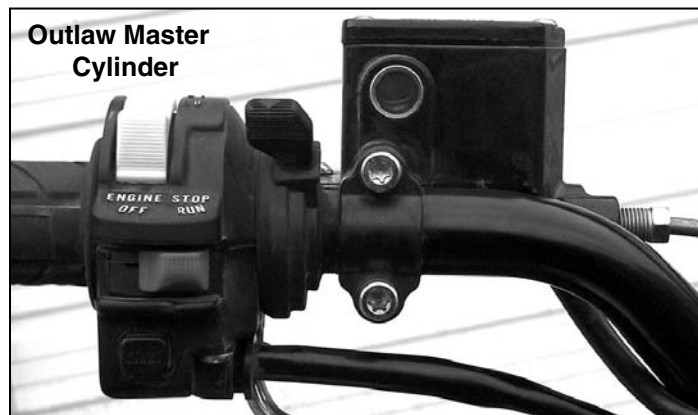

**Affected Models/VIN:**

All ATV's - 1996 through 2003

The Arctic Cat Service Parts Department now has master cylinder rebuild kits available for all ATV master cylinders. Outlaw Master Cylinder Rebuild Kit (p/n 0502-428) and Wilwood Master Cylinder Rebuild Kit (p/n 0502-429) can be ordered through normal parts-ordering channels. Prior to placing an order, make sure that the kit being ordered corresponds with the existing type of master cylinder. See Fig. 1 and 2 for proper identification of the Outlaw and Wilwood Master Cylinders.

**NOTE: THIS ADVISORY IS NOT RELATED TO ANY CURRENT SERVICE BULLETIN/WARRANTY ISSUE. THE REBUILD KITS ARE INTENDED FOR SERVICING THE NEEDS OF YOUR CUSTOMERS.**

Fig. 1

AF924A

Fig. 2

AF656D

Outlaw Master Cylinder Rebuild Kit (p/n 0502-428) will include a pumping seal, return spring, pressure seal, brake piston, and wiper seal.

Wilwood Master Cylinder Rebuild Kit (p/n 0502-429) will include a rear piston seal, brake piston, piston cup seal, piston dust seal, and piston spring.

**NOTE: The rebuild kits have been ordered from our vendor and should be available by 8/12/02. Order the kits through normal parts-ordering channels.**

Installation instructions will be included in each kit; however, if you have any questions about rebuilding a master cylinder, please call the Arctic Cat Product Service Department at 1-800-279-9419.

Sincerely,

Product Service Department
