English 1 (1)

SB, 227 R, 227 RD, 227 L, 227 LD, 232 R, 232 RD, 232 L, 240 RJ, 240 RBD, Driver for bevel gear, 2002-08

We intend to change the size of the centre hole on cutting attachments from 20 mm to 1" (25.4 mm). This means that the driver and bevel gear assembly will have new part numbers. The other component parts of the bevel gear will retain their old part numbers. Drivers intended for 1" cutting attachments can therefore be fitted to earlier bevel gears that were fitted with a driver for 20 mm cutting attachments. The 20 mm driver will be removed from the range.

New part no.	Description	Excl. part no.	Remark
502 21 92-08	Bevel gear assembly	502 21 92-04	
503 70 07-02	Driver	503 70 07-01	

Introduced from serial number: 021800001
