SB, 325 HDA 55, 325 HE 3, 325 HE 4, 326 HDA 55, 326 HE 3, 326 HE 4, Gear housing, 2002-10

An improved gear housing has been introduced. The new gear housing has a better seal to prevent the leakage of grease, as well as an integrated angle limiter that makes the hedge trimmer easier to use.

Note that the serial numbers given are for the hedge trimmer head, not the machine.

A renovation kit is now available for repairing hedge trimmer heads if the play in the angle adjustment joint has become excessive – part number 537 26 75-01.

Complete hedge trimmer heads with gears and cutting head are now available as spare parts.

New part no. 537 22 54-01	Description Gear housing	Excl. part no. 537 17 33-01	Remark	
537 22 55-01	Seal	537 18 48-01	*
