### NEW CARBURETTOR

Carburettor Walbro WS 17 A, part No. 501 69 27-01 is excluded and replaced by Tillotson HS 163A, part No. 501 52 77-01 (reintroduced).

Basic adjustment for Tillotson HS 163 A is:

L = 1.0 turn open

H = 0,75 turn open

### CARBURETTOR SCREWS

To obtain a lower carburettor temperature, the present carburettor screws 725 53 47-55 will be replaced by stainless screws.

Order No.: 503 20 21-08

The change will be introduced from engine No.: 5070400
