STARTER

A reinforced starter is introduced in our production and in our spare parts stock. This is made in order to eliminate the risk of cracks on the pulley post.

The new starter has the same Ref. No. as before, but is marked with the letter "M" on the inside.

The change is introduced from serial number 8080250.

LANCEU R

Nous avons introduit un lanceur renforcé, clans notre production ainsi que clans le stock des pièces. Ce renforcement éliminera le risque de rupture du support de la poulie.

Le nouveau lanceur conserve sa réf. Il a été repéré de la lettre M à l'intérieur.

Introduction à partir du No de série: 8080250.
