

## MODELS **3120, 2101**

### CLUTCH

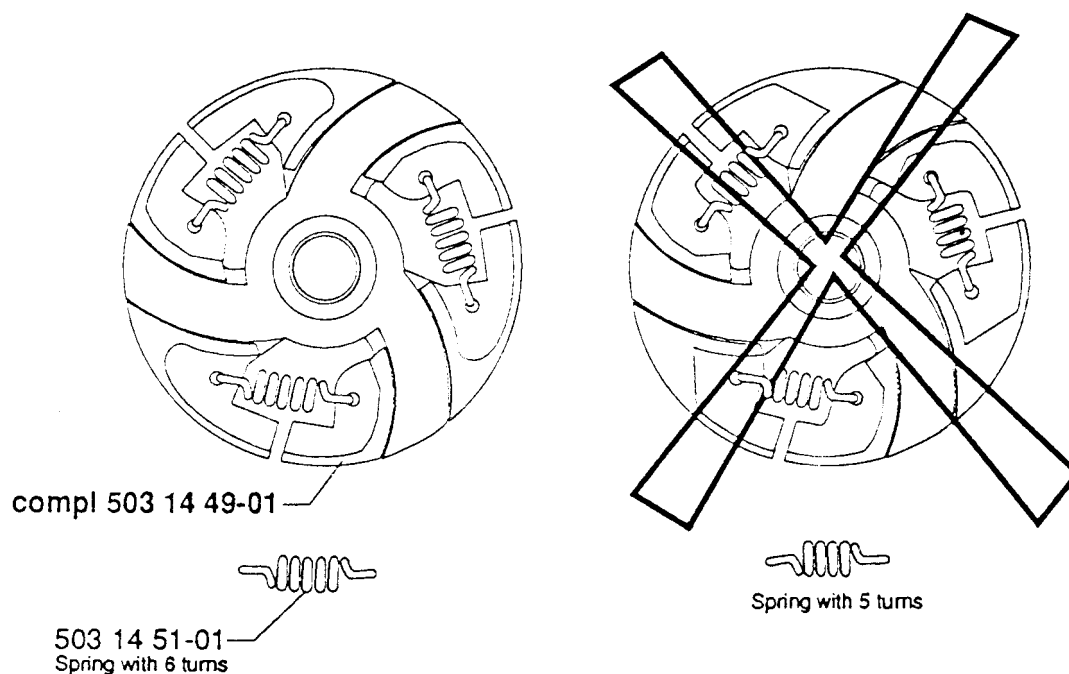

We have added one turn on the spring in order to even more improve the durability on the clutch springs.

This means:

- Changed clutch shoes (moved holes)
- Longer springs (now 6 turns previous 5)

NOTE! The clutch springs are not interchangeable.

New Ref. No.	Description	Excluded Ref. No.	Remark
503 14 49-01	Clutch compl.	503 13 38-01	
503 14 51-01	Clutch spring		
	Clutch spring, white	503 13 42-01	remains as spare parts for previous design

Introduced in our production from serial number:

2101 version 13 -1070052  
3120 all versions -0500001
