

Model PS 50

New throttle handle

The throttle handle is improved due to an added protective edge at the stop switch in order to prevent unintentional stop. The guard around the throttle trigger is made larger in order to make room when a protection glove, is used.

New Ref. No.	Description	Excluded Ref. No.
502 41 02-02	Handle half, right	502 41 02-01
502 41 01-02	Handle half, left	502 41 01-01
502 41 03-02	Throttle trigger	502 41 03-01

Introduced from serial number: 3170080

When changing any of the above mentioned parts on machines with lower serial number than 3170080, all the throttle handles must be exchanged.
