

Model 61

New flywheel and new crankshaft

A new flywheel with improved performance without steel hub and with cast key is introduced. Due to changed cone angle this also means that a new crankshaft is introduced.

Also the ignition system will be changed in the future in order to further improve the starting ability.

New Ref. No.	Description	Excl. Ref. No.	Remark
503 51 15-03	Flywheel compl.	501 77 82-02	R
503 23 01-01	Washer	503 23 00-08	R
503 22 10-11	Nut	503 22 10-02	R
503 61 33-71	Crankshaft compl. Woodruff key	501 52 84-02	R
		735 88 06-00	R

R = Replaced parts remain as spare parts

Introduced from serial Nos: 3481259
