

## Model 250R/RX

### Locking pin

To obtain more material around the bottom bearing in the gear housing the hole for the locking pin has been made smaller. The locking pin is now  $\varnothing$  5mm instead of  $\varnothing$  6mm.  $\varnothing$  5 mm locking pins can be used on older machines.

Tool bag complete has also a new ref. no.

New Ref. No.	Description	Excl. Ref. No.	Remark
502 28 59-01	Locking pin	-	
502 27 33-03	Tool bag	-	

Introduced from serial number:

250R 533 0191

250RX 533 0064
