

Model 225, 232, 235, 240RBD

Ignition system

An improved ignition system has been developed and introduced from production start 1997. The flywheel has also been improved. It now has two magnetic poles instead of the earlier three. Refer to the diagrams of the existing and improved ignition systems, and flywheel.

NOTE! Ignition module ref no. 503 86 58-01 can not be used with flywheel 502 19 59-01. Neither can flywheel 503 79 06-01 be used with ignition modules 530 03 91-45 and 503 76 16-01.

New ref. no.	Description	Old ref. no.	Remarks
503 86 58-01	Ignition module	-	-
503 79 06-01	Flywheel	-	-

Ignition modules 530 03 91-45 and 503 76 16-01, and flywheel 502 19 59-01 are still available as spare parts.
