

## Model 250R/RX

### Bevel gear

To reduce the operating temperature of the gear unit the sealing ring has been removed. This has been replaced with a sealing collar and O-ring. The gear unit assembly retains the same reference number 502 27 11-02.

New ref. no.	Description	Old ref. no.	Remarks
502 22 73-01	Sealing collar		
740 44 08-00	O-ring 29.2 x 3		
	Sealing ring	740 51 41-00	

Effective from serial number: 7100065 250RX  
7100122 250R

Other reference numbers remain unchanged.
