

Model 240R/245R/RX

Vibration damper

An improved front vibration damper has been introduced for model 240R/245R/RX. The outer diameter of the damper has been increased to 21 mm.

This means that the mounting and holder also have larger recesses for the damper and therefore have new order numbers.

New Ref. No.	Description	Excl. Ref. No.	Remarks
502 22 16-01	Mounting		
502 22 15-01	Holder		
502 22 53-01	Vibration damper		

Introduced into production from serial no.

240R	=	7080176
245R	=	7090256
245RX	=	7090025
