SB, All clearing saws, brushcutters and trimmers, Bevel gear grease, 1998-06

A new grease is now available for bevel gear units. This grease has a wider temperature range. The maximum working temperature is around 150°C, compared to 110°C for the old grease.

The new grease is also biodegradable.

New ref. no.	Description	Excl ref. no.	Remarks
503 97 64-01	Bevel gear grease	502 51 27-01	

Introduced into production with effect from W734.
