

## MODEL: Hydrostatic Transmissions

## SUBJECT: Dana & Hydro Gear Transmissions

- When failures occur during the warranty period to either Dana or Hydro Gear transmissions used in our riding products the transmission should be replaced.
- Send the dealer the transmission and have dealer send us (Husqvarna F&G) the damaged transmission with a warranty claim filled out completely.
- If we do not stock the transmission have it dropped shipped from AYP. Then have the dealer follow the instruction above. We will handle warranty thru the manufacturers.

- Instruction for Internal Associate's use in filing warranty with Manufacture.
- To file warranty with manufacture we have to separate by model number and give the qty. of each.
- Then pack transmissions on a pallet and have someone in the warehouse prepare for shipping.
- Once they are ready to ship call Hydro Gear at **217-728-2581** and ask for Cheryl, she will ask for model number and quantity, then she will give you an R.G.A. number.
- After you have your R.G.A. number you ship them to:  
Mark the R.G.A. number and ATTN: Warranty  
on the outside before shipping and enclose a copy  
of the information that was given to Cheryl with  
R.G.A. number on it.
